

## **Neville A. Anderson**

Neville brings a successful track record of leadership to this company. The founder, CEO and Chairman of Nevander Asset Management, Inc. "NAM" in the 90's the company posted one of the most successful track records providing portfolio asset management services to the Resolution Trust Corporation "RTC" and later Federal Deposit Insurance Corporation "FDIC". The FDIC chose NAM as one of the seven contractors to close out the national portfolio of distressed commercial loans during that time, Nam received the first ever "Outstanding" performance rating given by the FDIC.

As founder and CEO of Green Energy Partners-Dekalb, LLC. a single purpose entity formed to develop a ten megawatt biomass project in DeKalb County GA while the plant was fully developed, it was not built. That company successfully developed the project to include obtaining an Air Permit for a 10 megawatt biomass plant from the Georgia Department of Natural Resources to emit in the Atlanta non attainment zone. All development permits to include Transmission Agreement and a twenty year Power Purchase Agreement from Georgia Power Company was successfully obtained. The company achieved another first apart from the successful air-permitting in a non attainment zone, it obtained a 20 year uninterrupted feedstock agreement approved and ratified by DeKalb County, a major municipality.

Rural Green Power, LLC was formed as a permanent vehicle to bring a new vision to the clean tech industry. We believe a huge potential exists to use clean energy power plants to serve as a catalyst for economic development in under served emerging communities. Further we believe that smaller clean energy projects of five to 25 megawatts can be built behind the fence of large power users and mitigate the increasing risk of extender power interruption from man made or natural disasters. As a minority owned firm we are committed to diversity, we believe our diversity is a strength and a key ingredient as we look to provide innovative solutions to our clients.
